

# Family Resource Services

## ABOUT THE PROGRAM

Family Resource Services is available to any South Sound family with children who need resources to support the well-being of their household. This program is dedicated to guiding families through the maze of community resources and facilitating connections with essential services via a team of Family Resource Navigators (FRN). These services may include navigating state benefits, local financial resources, employment and financial education, one-time financial assistance, rental assistance, basic needs items, and more.

Our FRNs work with families to ensure they receive comprehensive support tailored to their needs. Our team is committed to fostering lasting relationships with local partners, schools, agencies, and nonprofits to continue to best serve families in our community.

## ELIGIBILITY \*\*

- Living in the South Sound region.
- Have children under the age of 18 and/or prenatal.
